About Us

Alan Mulligan founded Mulligan Fencing in 1997, became an Incorporated Limited Company in 2000 and launched the UK company as a wholly owned subsidiary in 2008.

Mulligan Fencing specialise in the manufacture, supply and installation of perimeter security fencing, railings, acoustic noise barrier and motorway fencing on large-scale infrastructure projects across Ireland and the UK.

We have excellent facilities for all types of railings, steel fencing and gates and we have recently installed a state-of-the-art painting facility. We are proud to be ISO 9001 accredited in accordance with National Sector Schemes 2A & 2C.

As we employ over 40 fence erectors directly as company employees, in addition to 50 sub-contractors, we can ensure that projects are completed on time and to budget with the skills and resources to manufacture any type of fence specified, including bespoke fencing.

Why Choose Mulligan Fencing?

- 25 year trading history ✓
- Proven track record of fencing on large infrastructure projects ✓
- Company owned fleet of modern plant ✓
- ISO Accredited, pre-fabricated panel system, for the manufacturing of Noise Barriers, guaranteeing consistent quality every time ✓
- Acoustic Noise Barriers CE Marked to European Standard
- EN 14388:2005 ✓
- We are contractors. This is what the company was set up to do and this is where we excel on every contract ✓
